FE MAIL

BOOBS 'N' CREAM

Dear Game,
Maybe I'm perverted. I don't know. What I do know is I'd rather have my tits sucked —when they're sucked right, that is— than do just about anything else in bed with a man, including fucking.

About my boobs—they're very large and heavy and this weight makes them hang a little. They're milk-white with golden-brown nipples. The circles around the nipples are large and a lighter color. The nips themselves turn slightly purplish when they get hard. When I'm excited, they stick out a good three-quarters of an inch.

The cleavage between them is very deep, and I love the way it feels when there's a hard cock wedged in there. I sweat a little then, and the cock can pump up and down easily. If I can reach down and lick the tip of the cock while it's pumping, that's even better.

They're very sensitive, my boobs. The nipples, of course, when they're played with, but also the circles around them and the flesh itself. My whole chest is one big erogenous zone. I can actually get off from a knowing tongue licking up and down my cleavage.

The way I like it best is to set with my legs apart, and play with myself whle the guy goes at my breasts with his mouth. I like him to lick all over the surface of my breasts and to kiss all over, too. I like him to play with one nipple while he sucks the other one. I like him to cram as much of my tit as he can in his mouth and suck on it for a long time.

I'll do anything for the man who eats my breasts just right. I'll such him, fuck him, eat out his ass and be his total slave. Once a guy bit me—just gentle-like—and I got so excited, I sucked him off right in the balcony of the movie theater. Another time I got in front of a mirror and watched myself licking and sucking my own nips and I came so many times I couldn't walk straight the next day.

Do other women feel this way, I wonder? Anyway, they should try zeroing in on their boobs if their sex life isn't what it might be. Good advice for dudes, too. If you're not turning her on, try a mouthful of tit!

COOL FUN

Dear Game,
Recently my sexual frustrations have grown to such a pitch that I had to make an extra effort to relieve them. I am currently in the Air Force and have not had a real sexual experience in weeks.

I'll start off by relating an unusual experience I had a number of days ago. I was sitting alone in my dormitory room masturbating as I usually do tl relieve my built up frustrations. Still feeling no real relief, I went to a local bar to try and drink away my frustratin. I was enjoying my drink and conversing with the barmaid about my problems.

She mentioned a few friends that she said might be able to help me out. She got off work at 7:00 p.m., so we got into her car and went to an apartment near the bar. Upon entering we noticed that items of clothing were strewn about the living room. I took off my coat and she offered me a drink.

As ehs mixed the drink I observed a pair of shapely legs behind the refrigerator door. When the door closed I couldn't help but notice the rest of a semi-nude body. Then Jennifer, the barmaid, introduced her beautiful friends to me. There was Toni, a blonde with a succulent set of 38" breasts. There was Debbie who wasn't well stacked and was a bit of a scatter brain.

Jennifer's friends, not being shy at all, were standing clothed only in tight bikini bottoms. My eyes couldn't look away from their delicious breasts. Toni sat down beside me and I got an erection so hard it hurt a little. We began to discuss my lonely frustrations, when Toni suggested we do something about it.

Debbie had some ideas about what we could do. She went to the refrigerator and grabbed some ice and ran it across her nipples. She was getting awfully excited when Toni helped me out of my clothes. The next thing I knew Toni, Debbie, Jennifer and I were all on the floor, a mass of groping tongues and fingers. Toni had my cock in her mouth, giving it long hard sucks while I had my tongue in Jennifer's cunt.

Debbie handed me the ice and I slid it up her hot snatch. She quivered and groaned over the coldness in her. She soon came, as did the rest of us. The ice began to thaw, so I decided to replace it with my tool. I was also running my fingers in and out of Toni. While I pistoned in and out of Debbie, Jennifer and Toni moved to the side and into a "69" position. They were each groaning and coming as if it were their last day on earth. As all our inhibitions had left us, we moved to the bedroom.

As we tumbled onto the bed, Jennifer began to get it on with the bed post. Debbie pulled a whip from under the bed and began to whip Jennifer. She cried in pain, which all the more excited the rest of us. I couldn't explain it but watching her in ecstasy and agony excited me to new heights. Toni went to the kitchen and got a can of spray shortening. She sprayed Jennifer's entire body.

In the meantime, Debbie was so excited she was whipping as hard as she could. Toni went to the freezer and came back with a popsicle. She drew it in and out of Jennifer's cunt until it melted. I licked the melted popsicle from her thighs. The entire episode had excited all of us to such a pitch that we were constantly climaxing. Needless to say, we all enjoy meeting regularly now, adding more variety each time.

Thank you for an excellent magazine which lets a person discuss their sexual experiences unlike other mags that neglect to let people express themselves.

GANG BANG

Dear Game,
I sure like *Game* magazine and wish I could meet some of the people who write to you. I am game for any kind of sex. I like to suck tits and get milk from them. I like to have sex with two women and a man at the same time. I would do anything they wanted me to do. I am willing to try anything and I am sure I would be able to please them. It turns me on thinking about the various combinations that can be achieved when you have so many sex partners. I have been looking for some people to have sex with and your magazine gives me hope. I am single and very horny.

MORE CANDY!

Dear Game,
Your March issue was a real turn on for two reasons. (1) I love to see photographs of big breasted women making love and (2) I just love Candy Samples; she's got absolutely the most terrific body I've ever seen. I've been a fan of hers for years and she's so luscious to look at that to me she's good enough to eat. Keep putting photos of Candy Samples in your mag and I'll be a fan of yours for life.

BROWN NOSING

Dear Game,
My wife has a body that won't quit and a 48-inch bust. Everywhere we go guys nearly go crazy when they see her. They look at me and wonder what the hell I've got to keep her around, but that's besides the point. I'm a salesman, and ambitious as hell. A new territory has just come onto the market that's up for grabs. I know the boss is very anxious to get his hands on my wife, and if I get the new territory he'd have a chance with her since I'll be a thousand miles away and he'd know it. Two weeks ago my wife and I were invited to the boss's cocktail party and I watched him eyeing her. He never passed up the chance to paw her, and she told me later he pressed his swollen crotch into her ass two or three times. I asked her if she would object to screwing with him if it meant a move to California. . . she was delighted with the idea.

So I'm offering up my wife's favors for a chance of a better job and a move to where the gold is really in them there hills. Does this make me an asshole or a pimp, or am I being smart? Don't tell me it's the first time a guy traded his wife's cunt for a better job. What do you guys think?

—L.J.
Kansas

Some guys screw the boss's wife, others screw the boss. Let's hope it's only your wife that gets screwed in this deal. If he likes her, he's not about to commute to California for a piece, is he. E.D.

BIG 'UNS

Dear Game,
I happen to have a very large bust measurement. . .42 inches to be precise. Of course, if you've got a broad back, that doesn't necessarily mean you have big breasts, but my back is slim so mine are and look *very* big.

When I was in my teens I was rather embarrassed by my size. But I had a lot of boys who wanted to get their hands on me. Luckily for me I like having my breasts and nipples played with. Later on I became very proud of my upper structure and I have concentrated on keeping it

in fine shape by massage and various exercises. I nearly always wear a brassiere because I think it is bad for big breasts to go unsupported. They can sag too quickly if you leave them free. However, on occasions when I want to create something of a sensation, I wear nothing but a slim sweater.

Well, all that is very fine, but I am astonished by the number of boys—or perhaps I should say men—who seemed to prefer to use my breasts as masturbatory equipment rather than make love to me in the normal way. To be honest, I have one boyfriend who has never yet made love to me naturally. He just can't wait to get his big rigid organ between my cleft and start working away. I don't at all object to that as a preliminary but I think it is selfish of him to do only that and leave me high and dry. The next time he takes me out I am going to insist he has me first before playing that kind of game.

I am writing this letter as a kind of encouragemehnt to girls who are flat chested. You may envy us big 'uns but I assure you all that large boobs bring their problems with them. You are constantly worrying whether they are beginning to sag...apart from the fact they attract an over-degree of attention from some men and lead to the kind of practices I have mentioned. Maybe it's better to have small tits and plenty of joy!

KITCHEN KLIMAX

Dear Game,
I want to share with you an affair I've been having with Tony, the man who lives next door to me and my husband, Dave. Dave is a good man but when it comes to sex he has no idea and he leaves me very frustrated. It was one day when I was in my room relieving that frustration that Tony found me.

I was lying on the bed in my panties and nothing else thinking about the sex I hadn't had. A tinge of excitement shot through me and I couldn't resist licking my teats. The pleasure rippled through my body and I began to nibble and suck in earnest. My cunt juiced with excitement and I got so carried away that I didn't hear the knock on my door which was followed by Tony entering the room.

I tried to cover my breasts and my embarrassment but my hands aren't as bit as my tits. Tony kept his cool and walked into the room, gently gook my hands from my breasts and pushed them down to my sides. I felt naked and vulnerable and I felt I should order him out but I couldn't. My desire included him! I wanted something to happen between us. As he held my hands and stared at my heaving breasts a fire started up inside me and I felt like jelly as he began to stroke my soft pliant titty flesh.

He smiled at me and I smiled back. That short exchange seemed to give permission to our lusts. His fingers toyed with my teats and I felt myself surging towards a climax, my whole body melting under his touch. He bent down and lightly kissed my nipples and then walked out of the room!

I didn't call to him and I didn't see him during the next few days. I just presumed he'd got cold feet. Sometime the following week I was in the kitchen, dressed in denim shorts and T-shirt when I heard someone walk in. It was Tony! My knees immediately felt wobbly and my titties tingled, craving his touch.

I was so anxious that I didn't bother playing any games, instead I just lifted up my T-shirt over my head and presented him with my desiring tits.

He licked his lips and his eyes lingered lovingly over every inch of my jutting boobs. Then he walked across the room and, taking them between thumb and forefinger, he twisted them round and round, stretching and pulling them until I was gasping with pleasurable pain. I rubbed my crotch against his cock, feeling the stiff rod against his thigh. My hands were shaking with anticipation as I reached down and fumbled with his zip, inching it down and fishing out his throbbing tool.

He pushed me back over the kitchen table and circled my aureolae with the wetness of his tongue. I cried out with delight as his lips surrounded my nipples and sucked, gently at first, then harder and harder, until I was sobbing with sensation. Suddenly his teeth closed around my ecstasy tortured teats, nipping me hard and causing me to squeal with passion as he crammed my pliant, quivering, titty flesh greedily into his mouth.

I started to wank him up and down as his hands kneaded and squeezed my melon-like mounds, desperately wanting to slide his cock between them and smother it in the deep perspiration soaked valley. Once again, his teeth sank into my flesh, sucking and love-biting until I couldn't hold back any longer.

"Please," I squealed. "Oh, please... let me..."

I couldn't say the words then, as I sank submissively to my knees and cupping a breast in either hand, squeezed them around his tool, stroking my soft velvet skin up and down against the shaft of his cock.

He looked at me, grinning. Then a strange look of admiring pleasure crossed his visage as I squeezed my soft titty flesh around his prick and rolled it against my body, rubbing my breasts up and down until they were shaking.

His body began to jerk in response as I tit-tossed him. I could feel his spunk-filled balls churning against my skin, feel his fingers tugging and pinching at my nipples, desperately eager for release. I prolonged the action as long as I could, bringing him to the brink and squashing my tits tightly around his cock and then jiggling my jugs up and down again, faster and faster, until he was gasping.

"You tit-teasing lover!" he groaned. "Let me spurt my spunk all over those beautiful boobs..."

I looked up at him, provocatively submissive, mocking him with my arched eyebrows. I had him exactly where I wanted and it thrilled me.

"Please," he added, like a child denied.

I pushed his hands away, pushed out my chest and put my arms by my sides, so that his cock lay visible in the valley between my boobs. Then, snaking my spine, I lightly rubbed them up and down his tool. He pressed himself against me... and then he was coming!

As he came with a loud roar he spurted gusher after gusher of warm, sticky sperm across my breasts and nipples, smothering my skin in lashings of come, draining his balls of thick wonderful thick whipped double-cream!

His excitement triggered me off and second later I was exploding in a climax that left me with a delicious languid sensation that seemed to melt from inside of me. I just knelt there, looking up at him, lazily smearing his spunk across my boobs, feeling the warm wet stickiness against the coolness of my skin.

That was the first time, but it wasn't the last. He seemed to enjoy it tremendously, almost as much as me. He occasionally wanted (and wants) to stick his cock up my quim but I don't allow him to touch my cunt. It's selfish but I like what he does to my tits and I don't want to risk any pregnancy either.

My husband doesn't know about it and I hope that he never does. But it has revitalized me and I desperately wanted to share my excitement with someone. Also, I'm sure there are lots of women like me just waiting for a man that really knows how to treat breasts. Ton is one...Maybe your readers know some others?

When the pinup first came upon the scene in the '40s, it was considered slightly sleazy, an extension of the honky-tonks and speakeasys, a woozy generation letting all hell loose in smoky clubs, loud music, young molls on the lap with a hand under her skirt—but today the pinup is a high tech marvel, an artform far superior to its simplistic, naive ancestor. Although old porn photos from the '40s, '50s and '60s—hell, even ten years ago—may be laughable and unappealing, a good pinup stands the test of time—and that's what Julie was going for from the beginning.

I felt that all the glamor had gone out of the photos in the men's magazines," she opines, "especially the craze for 'pink shots' in the '70s—that really got out of hand. All the warmth, all the subtle cockteasing that you can still feel so powerfully in the old Betty Grable and Marilyn Monroe pinups was gone. I wanted to pose for the kind of photos my husband would be proud to print on a deck of poker cards.

It's not like I don't know or appreciate that the purpose of the whole thing is so that men can jerk off, but I'm going to give it to them *andante*, slowly, with feeling, with a warmup overture. I know exactly what I'm doing every step of the way; with every new pose I generate more *heat*. Even my own panties were sopping wet before I stepped out of them. Maybe you never saw Marilyn fingering herself like this in the old days because it just wasn't done. I've taken that Varges mentality and updated it for the pleasure, I hope, of men everywhere." □

'BUSTING OUT ALL OVER!

Some girls can be deceptive in their early years. Like flowers that bloom in the spring, many a little lady has developed into a well endowed queen of voluptuousness as nature takes it happy course. The transformation into succulent peachy ripeness is often a wonder to behold. Witness the delightful sight of Yvonne!

We all know how we feel about beautiful girls with big boobs. We love 'em! But what is life like for a girl who possesses the ultimate in female status symbols? How does she react to the devastating effect she has on the male species? How does it feel to be the object of everyone's attentions?

We were specially knocked out by Yvonne's breathtaking 44D knockers, (although we have to admit that all 5 feet 6 inches of her is stunning), and asked for an interview. 23 years old and single, she shares a flat in Brooklyn with another girl, and that's all we're saying. (However, you could hardly miss her on Montague Street on a Saturday afternoon!)

EDITOR: *How do men react towards your magnificent development.*

YVONNE: They ask me to do interviews! Seriously though, the reactions range from the very nice to the bloody awful. But I always get a reaction. I suppose I'm not easy to ignore. Some men make crude remarks, and that type doesn't get anywhere with me. Some tend to treat me like a prize cow or something at a cattle show, which is very boring.

But the common reaction is admiration, which I enjoy and accept as a compliment. Some men are overawed; they see a very feminine woman and think that they won't be able to handle me, which is a shame, as I prefer the quiet type really to the Romeo wolf who always assumes he's got it made. That type puts me off.

But there's absolutely no point it me ignoring what I've got—I have to live with it and I love it, but it can be funny sometimes. Once I was on the subway and there was a rather small man walking toward me. I stopped and turned sideways to let him pass, towering over him in my four-inch heels.

His mouth was just about level with my nipples. There was just no way he could pass without touching me! Our eyes met and we both burst out laughing. I told him to squeeze through, and he did, his face buried in my cleavage! That was the start of a beautiful friendship; for a small man he certainly was big in the right places!

EDITOR: *The first thing I noticed about you, apart from the obvious was the way you walked. You're undoubtedly very proud of your figure.*

YVONNE: Yes, I am, but that's not the reason. It's just a habit I've got.

EDITOR: *I've noticed many big girls are rather round shouldered.*

YVONNE: But I wasn't always a big girl. In fact, until I was 18 I was quite undeveloped.

EDITOR: *So you've experienced both worlds, in a way?*

YVONNE: Oh, yes. Most men don't understand what a big thing it is with girls. I mean, just as men can become self-conscious of the size of their erections, so girls can become obsessed by tit sizes. The girls at school used to tease me dreadfully. It was embarrassing to admit to being a mere 32A, especially as the rest of my figure was the same as it is now. So I learned to stick my chest out and emphasize what shape I had. I went to the doctor and she told me I was a late developer and that was all. I didn't believe her—but she was right!

EDITOR: *She certainly was! You had the last laugh on your schoolfriends, anyway. When did all this happen?*

YVONNE: When I was 18. Suddenly they started growing. I had to buy new clothes because my blouses and things were so tight. All the buttons used to pop, and I'd end up showing everything I'd got! I couldn't wear a bra because I'd grow out of them in no time and they felt so uncomfortable. Anyway, I didn't need one, my breasts were firm as it was.

One day at school I was putting some

WorldMags.net

books on the top shelf in the library and my breasts were straining against my blouse, which was about two sizes too small, and the buttons burst and the arms ripped. I just stood there in tatters, trying to cover my breasts with my hands and everyone stared at me.

My face flushed with embarrassment, but at the same time I felt a thrill in my bared nipples. They began to harden as my breasts swelled, pushing their way out of my blouse. One of the boys gallantly lent me his sweater—after having a good ool. He even helped me on with it!

I think it was then that I realized I was something special. He was absolutely awe-struck. Suddenly I was like a kid with two new toys. I spent hours in my room, fingering my nipples and squeezing my tits. I couldn't believe it was happening to me. Like a dream come true. I became mesmerized by my own body.

It all sounds big-headed, but I wasn't used to it. I'd been a little ashamed of my figure up until then and was always trying to make up for it, to prove that I was a real woman.

EDITOR: *So by now your breasts were getting really big?*

YVONNE: Yes. I ralized just how large they were getting one night when I was lying propped up in bed on my pillows, staring at my reflection in the mirror while I played with myself. I cupped my breasts in both hands and looked down at my nipples protruding between my squeezing fingers. I fantasized a man licking and sucking at them. I could almost feel his teeth lighly nibbling around, could fedl a fire in the end of my nipples.

I imagined how fantastic it must be to have two men both sucking your nipples at the same time. Suddenly I wanted to lick them myself, and squeezed them up towards my face. I couldn't actually reach my nipples with my tongue, but I licked my breasts, just managing to reach the darkened aureole area.

It was lovely and I still do it quite often.

EDITOR: *How did this sudden growth affect your relationships with boys?*

YVONNE: Well, at the time I hadn't had many boyfriends. I was practically the only virgin in my class, apart from a couple of plain looking girls. Oh, I got my share of propositions, but I never got the boys I wanted. I'd been crazy about this guy called Rick at the time for about a year, and I've never been the sort to settle for second best.

I'd always been told I've got a sexy face and legs, so I wore the shortest skirts I could. Not very exciting at all! Then suddenly there were wolf-whistles every time I walked down the streets, everyone wanting to dance with me in discos. And their eyes on me all the time. It took me a long time to realize that my wobbling tits were attracting all the stares on the dance floor.

EDITOR: *Did this inhibit you?*

YVONNE: No. I loved it. I suppose I'm a bit of a show-off, but it was so nice to finally have something to show off.

The material of my dress rubbing against my tits as they bounced up and down hardened up my nipples and I could tell from the bulges in their pants that other things were hardening too.

I noticed a few guys with their hands fiddling around in their pockets—what we used to call pocket pool! I revelled in that, I can assure you, especially when Rick, the guy I fancied, joined them!

Suddenly I realized what I had going for me, and I wanted to display my assets. Needless to say, Rick took me home from the disco, back to his place. I made him promise not to fuck me whatever happened—I was afraid of losing control of myself and I wasn't on the pill. I suppose I must seem an awful prickteaser, putting all the responsibility on him like that, but

But I soon realized that if I played with my nipples properly I could bring myself off without touching my clit.

I made him promise, even if I begged him to do it, that he wouldn't.

I slowly unbuttoned my dress and let it slide provocatively down over my shoulders. His eyes were almost popping out of his head, and I could see the tell-tale bulge in his trousers starting to swell as I let it fall lower. I turned my back and took it right off before turning back and baring my boobs to himm. I measured 39 jutting inches by then and still growing. He was almost drooling as I lay back on the bed with my legs wide apart and inched down my knickers until my dark curly pubes were just visible. I lay there waiting for him, feeling deliciously naughty.

Even now I get excited when I think about it.

EDITOR: *Did he keep his promise?*

YVONNE: Oh yes, He crawled on top of me and lay there, sucking and licking at my nipples while I wriggled and rubbed my crotch against his erection. He tried to get his hands inside my knickers, but I wouldn't let him; I wanted them both of my tits.

He played with me for what seemed like ages—and I had my first orgasm. My knickers were soaking. That was too much for Rick. When I started threshing about and squealing like that, squashing his face between my melons, he must have come in his pants because I could feel a damp patch on his trousers against my bare thigh..

EDITOR: *So you were a prickteaser?*

YVONNE: I suppose I was. But I used to let him put it in my mouth sometimes. In fact I was the only girl in my class who allowed oral sex.

EDITOR: *So when did you lose your virginity?*

YVONNE: Not until I was 20. But I used to play with myself a lot. And there were other things I could do. I didn't such so much any more. I'd found a better idea.

EDITOR: *Would you like to tell us about it?*

YVONNE: It started out as a fantasy about a year later, when I used to play with myself in front of the mirror. I would stand there massaging my breasts and occasionally dipping a few fingers into my fanny. But I soon realized that if I played with my nipples properly I could bring myself off without touching my clit, and it felt so much more satisfying! Yet I wanted to be used by a man. I mean there I was, nineteen years old, with the gorgeous forty-two inch boobs that they'd do anything to feel and suck, yet most men were overawed by me.

I wanted them to strip off my clothes and slide their cocks between my breasts, squeezing the flesh around them and bring themselves off. I wanted someone to love my breasts. I wanted sperm dripping down over my skin.

EDITOR: *Did you get your wish?*

YVONNE: Not really, not at first. Oh, it happened all right, but not in the way I wanted. My new boyfriend, Roger, had been taking me out for a couple of weeks but nothing much had happened. To be truthful, if he'd wanted to fuck me he could have done it. I was ready for it and I'd been taking the pill since I'd met him, which shows you how I felt about him. But that wasn't what he wanted.

EDITOR: *What did he want?*

YVONNE: The same thing as me, really. I went back to his flat one evening and we had a few drinks there. I didn't drink a lot and neither did he, but I thought he was getting his nerve up to have me, and anyway, he said he had something to tell me. He seemed very embarrassed and hesitant and I thought he must be shy. To encourage him I suggested he take my dress off.

I wasn't wearing a bra and I figured the sight of my naked tits, coupled with the

"What do you do?"

"Depends how much you pay."

He looks at me with a gesture of impatience. I shrug my shoulders, silently saying, "I don't give a fuck." He tries again.

"I only want half-an-hour."

"Yeah."

"How much?"

"Depends what you want."

This circle frustrates him but I don't care. I already *know* that he will pay.

"I want to come on your tits."

He hasn't surprised me, they rarely do. Nearly all the man want to come on my tits but they don't know how to say it. I give him a price and we settle down to some quick business.

I don't mean to treat them badly. This one, for instance, is definitely a *nice* man. I bet he has never done any hard to anyone, nor even spoken angrily to his wife when she's turned down his modest requests yet again. I don't mean to sound impatient or bored, but a girl gets tired sometimes and maybe there are things in her life which bring her down, and maybe she remembers why she's doing this anyway.

Reminding myself to be fair, I get over my impatience and gently strip the customer. He looks grateful as I undo his buttons and take off his shirt. My hands caress his chest. He smiles and relaxes and my hands go down to the bulge in his trousers.

Actually, this one is a good-looking man and I feel my own body reacting. I release his penis which leaps out large and proud and strangely beautiful. My nipples harden and I find myself becoming involved in the experience—something which is not that unusual for me but, nevertheless, it makes it all the more satisfying in another way apart from the economic one.

Soon he is naked. He sits upon the bed somewhat unsure of himself. I begin to take off my own clothes. This is something I usually do very slowly, the men like it that way, but on this occasion I am well aware that he has only spent enough for half-an-hour.

The releasing of my tits is always a magnificent moment. The customer inspects the goods in his own way; some with open greediness, some more shyly as they slowly realize that these are what they have paid for.

For me, there is always pride with this moment. I know now that my tits are exceptional. They've been big since I was young, and now they are truly enormous without losing their natural shape which is round and curvaceous to the extreme.

My nipples too are out of the ordinary. They are unbelievably sensitive, especially when they are fully erect and hard. Many a man has doubled his time with me on the strength of one glance at those rosebuds.

I can see from the staring eyes of this customer that he is fascinated by my gifts. He positively drools over them and his erection gets to a size which has my cunt aching for it. Quickly I get down onto my knees and begin sucking his throbbing penis. What a tool it is! I suck hungrily at it as I rub my craving breasts against his kenes. His hands find the nipples and tug hungrily at them, exploring their fullness, enjoying their rich sexuality.

I can see from the staring eyes of this customer that he is fascinated by my gifts.

I play with his balls and can feel the sperm rising. He begins to moan with pleasure and I too am feeling pretty turned-on until I remember the terms of this particular deal do not include my being fucked

I carry on until he is at bursting point and then I stop.

"Do you want to lick them?" I ask.

"Oh, yes, please. But...But do I have to pay more for that?"

"It's on the house," I say, not caring to admit that I am quite desperate for the tit-attention.

He gets to work at once. I know that he is inexperienced but also that he is so keen that he isn't messing about and is truly giving his all. Soon he is biting my pleasure-buds with his teeth and electric thrills of delight are shooting through my whole body from this amazing source. To my surprise I begin to orgasm beneath his touch. I can't help but insert my own fingers in my cunt and frig myself madly as he continues to suck and chew my nipples.

It was a lovely orgasm. The juice flows freely and as my stomach heaves with rapid breathing I feel a sense of relief spread through me.

The man is equally excited and I notice from the clock that he has had more than the agreed thirty minutes. It is time for him to come.

I lie on the floor and tell him to stand over me. He does this promptly so I know I've set the scene right.

"Now make yourself come," I command.

"Onto your breasts?"

"Anywhere, it is your come."

He smiles happily and gives himself to his fantasy. Beneath him I caress my breasts and stroke my throbbing clit and it is no show I'm putting on. Then he begins to climax. His body contorts and he moans loudly as jet after jet of white runny sperm comes shooting out of his elongated tool onto my body. Most of it falls on my breasts, though some gets on my face and hair. All if it I take gladly, scooping it up in my hands and swallowing it with a relish that would make any man want to come again.

Then the action is over. My customer is satisfied. He pays more than he has to. My own desire is still strong and I think of inviting him to stay longer but I cannot. It is the drawback of the trade that should you enjoy your sex you still can't give the customer anything he hasn't paid for, because he would expect the same next time, or tell his friends who would be upset if they failed to get the same treatment.

The irony of it is shown when he goes. My hole is still aching to be filled. I go to the drawer and take out my dildo which I thrust up inside of me until another orgasm is reached.

"How much?"

"Depends what you want."

"What do you do?"

"It depends how much you want to pay."

I don't like the look of this man. It isn't that he is ugly, it is just the vibrations, the way his lips curl, or the falsity of the

smile, or, yes, this is it, he reminds me of someone I would rather forget.

I'm often asked how I began this game. I don't often answer. I don't enjoy thinking about those days.

Poverty does different things to different poeple. I mean poverty, not just the occasional bad week. I was brought up in Ireland on a farm run by my mother (my dad died when I was six). We were often hungry, never well-dressed and always searching for a penny or two extra to have a little treat. When I was in Ireland it didn't bother me, it didn't seem undignified, in fact if we believed the priests we could even detect some godliness in it.

When I left home at 16 and came to England, I was truly amazed. Where did all that money come from? I thought I'd soon have some money of my own but it didn't work out that way. I got hungry again, and bitter with it because I couldn't understand why the rich people had enough whilst I was starving and stealing.

I became very depressed. I hung around with the deadbeats, I fantasized suicide. Then I met a rough tough sweet-talking dude called Pete who reckoned he had the way to beat the system. It was he who persuaded me that I should invest in my talents which, to put it succinctly, were my breasts and my cunt.

I fought against the idea but the ultimate sense of it wore me down and I allowed Pete to find me a few customers. What shits he turned up with! Real shits! They wanted all sorts of things that I had never heard of, and they paid me hardly a meal.

I ran away from him but I couldn't run away from the trade. I learned how to charge a decent price and how to sort out the customers so that I didn't lay myself open for anymore cut-throats. In the end I had a nice job with good money and the occasional good sex thrown in. I can't complain now but then...

How much?"

I know it now, he reminds me of Pete.

"Sorry, not available."

And then there is a girl at the door.

How much?"

"For you? Or for a boyfriend who likes something special?"

"For me."

"It depends on what you want."

"To make love to your tits."

"I'm not a lesbian."

"It doesn't matter."

I think about it. I'm bored today, something a little different might be just what I need to change my space. I decide not to charge and I invite her in.

She's no mucky lady, she has class, and she quickly tells me that her name is Penelope.

"I've never made love to another woman," I tell her.

"I'll instruct you," she says. "I just wanted to have the chance to squeeze myself against some really big boobs."

We both take off our clothes. There is nothing wrong with Penelope's figure, she's almost as well-built as me.

"Look," I say hesitantly, not used to being in the role of supplictor. "Not only have I never made love to a woman but I've never really had a good look at another pussy. I've inspected my own many times in the mirror but I'd love to see yours."

"Fine," she says with a smile.

Kneeling between her legs I let my fingers and my vision explore her private parts. I slip one hand on my own trembling clitty and the other on hers. Gently I rub, then I compare lengths and texture, then I carefully pull the inner-lips of our vaginas apart and steadily finger-fuck our pussies.

When she is finished looking and touching she lies on top of me and grinds her tits against mine.

Our bodies tremble as our first orgasm ripples lightly through our bodies. I withdraw my sex-wet fingers from our pulsating pussies because I want to make oral love. I kneel over Penelope's face so that we are in the 69 position.

The tips of our slippery tongues lap sexily at the stiff shafts of our sensitive clits. We moan as we hungrily eat each other's wet pussies, lapping at the wild honey, tasting juices which drip hotly from our labia. We insert our tongues in each other's dark wet holes and waves of delirious pleasure sweet through our sex-mad bodies as one amazing orgasm follows another.

I am quite stunned by the pleasure I feel. It isn't really comparable to making love to a man because it is so different and definitely can't take its place, but anyway I wouldn't have thought I'd be that way inclined at all.

"Have you got a vibrator?" she askes. I nod and point to its drawer. With the vibrator she is even more adept than with her fingers. Soon I am writing beneath her, moaning and groaning as she takes me from ecstasy to ecstasy.

When she is finished looking and touching she lies on top of me and grinds her tits against mine. I catch sight of the action in my mirror and I cannot but be thrilled by the vision of those four breasts and nipples crushing into each other.

Penelope didn't want me to fuck her, all she was interested in was bringing herself to orgasm by means of my nipples which somehow she forces into her own vagina. The experience is exquisite and the orgasm tremendous.

She insists on paying me although I tell her I've enjoyed it.

"I want to use those tits again," she says, "and I'd like it to be worth your while."

How much?"

"For what?"

"Use of cunt and tits for a couple of hours."

I named a price.

"Agreeable," he said. "Bend over, I want to start with your cunt."

I bent over and hitched up my dress. He pulled down my knickers and entered immediately taking no time to discover whether I was ready or not. I hadn't fancied the guy at all, but from this angle it wasn't likely to bother me, especially as I felt his thick prick penetrate my womb. I'd been dying for this, to be really *filled* with a man's tool. He bends over me, forcing his penis in even harder, and grabbing hold of my tits from behind. He held them so tight and pulled them so vigorously that they began to hurt. I struggled. He was, without a doubt, the sort of man who knew what he wanted and would brook no hindrance.

He began to ram really hard into me. Through the pain I could feel pleasure and I knew that the ache within me for *real* sex was going to be satisfied.

An hour later he was finished with me. My cunt was sore and drying after 60 minutes flowing with love-juice. My breasts were covered with sweat, sperm and urine and I felt fucked beyond belief.

When I looked into his face I had quite a shock. In the throes of love-making I'd not really observed his features, but now I found them distasteful and I couldn't help wondering what had brought my life to a point like this where such a man was not only providing my lifeblood but also my sexual satisfaction. Sometimes it doesn't seem right at all.

Poverty can do strange things to people, it makes them angry, it can make them bitter. For me it's given me a sign that I hang around my neck and the sign says: BOOBS FOR SALE. □

Girls in New York may think we're stupid," says 23-year-old Vanny, "but we're way ahead of them in every way that counts." Vanny, whose occupation—she says she teaches Yoga to the stars, a story which would make any Big Apple babe snort—goes on to explain the modus operandi, the *raison d'etre* of all young California snatch: "More than any other women in the world, we grow up from the cradle learning the value and the gratification of sex appeal. People laughed when Fernando Lamas said, 'It's better to look good than to feel good,' but it's true! What could be more important than giving instant hardons to men just by walking down the street? Don't you think that makes you feel good, too? My jiggling jugs crammed into a tube top are just another aspect of expanded consciousness."

WorldMags.net

WorldMags.net

WorldMags.net

In fact, so little does Vanny resemble a holy Swami that Don Johnson, she claims, once mistook her for Veronica Hart. "I was working with a client (who shall remain nameless) who was an advanced student, and he was just sort of helping me, in the interest of demonstration, to yank my ankles behind my neck, when Mr. Johnson walked in! He kissed my hand and said, 'I've always been a fan of yours, Miss Hart. I learned everything I know from your early films!" What a trip! I'm a lot prettier, my breasts are *much* larger, but I went along with it to see how far he would go. He must've really believed I was this porno queen, because later on he pulled out and aimed it all over my tits, as if a camera was zooming in for a tight shot!"

WorldMags.net

WorldMags.net

WorldMags.net

It's just another working day in Hollywood, far from the maddening Yup pups on the Eastern seaboard—who wouldn't know Veronica Hart from Wendy O. Williams. "Can you imagine a girl wearing a suit with socks and *sneakers*?" Vanny laughs. "When any high school cheerleader out here can tell you you have to offset it with crotchless panties, spike heels and pointed bras with cut out nipples—and if that's *superficial* and *brainless*, then maybe all the real men left will move to California!"

BUSTING OUT

(continued from page 18)

tiny panties I was wearing, would be enough to incite him to take the plunge. Anyway, he unzipped me and took off my dress. The next thing I knew he was practically begging me to let him slide his cock between my tits and jerk him off with them.

I supposed I seemed a little hesitant, but not because I didn't like the idea. I could hardly wait! It was his manner. He was so embarrassed and he didn't even *do* anything, he just asked me and stood there, swaying about. He was half canned by the time he'd got his nerve up. When I didn't reply he got down on his knees and started to beg, pleading with me to let him.

EDITOR: *You went along with it?*

YVONNE: Oh yes. I liked the feel of his thick rod between my breasts and I squeezed them around it and slowly moved them up and down over his shaft. About ten second later he erupted, spurting a sticky white gusher up under my chin which splashed down over my breasts. I'll never forget that warm milky come dribbling down over my cold skin. He seemed to pump out loads of it. Afterwards he sat there looking guilty. He ruined the whole experience!

EDITOR: *It's a terrible thing when guilt*

YVONNE: Yes, and it put me off Riger completely. But later I realized I'd enjoyed the experience, and decided it was only his attitude that had spoiled things. So I was determined I'd do it again with another guy, and this time I'd come straight out with it and tell him what I wanted.

EDITOR: *And did it work out?*

YVONNE: Oh, yes, it was great. I met my old boyfriend, Rick, from work one lunchtime, and just took him home. My parents were out and I took him up to my bedroom and told him what I wanted.

EDITOR: *So it was as simple as that?*

YVONNE: Well, not quite. In fact it proved to be very complicated. Rick and I had remained good friends all along, but he told me he didnlt like prickteasers. So I just offered myself to him.

EDITOR: *What do you mean?*

YVONNE: I told him that if he wanted me, all he had to do was pull my knickers down and go right ahead! He got a bit cross then and asked who I'd been screwing, but I explained I'd been on the pill for three weeks and was sll a virgin.

EDITOR: *So you lost your virginity?*

YVONNE: No, not right then. He thought I'd gone on the pill for him instead of Roger and couldn't do enough for me after that. He spent ages with his tool between my tits, jerking himself off and playing with my nipples, and didn't come himself until he'd brought me to a full orgasm. He didn't put so much as a finger inside my knickers. He was so considerate, I don't know where he got his experience from—genuine affection, I suppose.

After he splashed his come over my breasts I just lay there for a while, rubbing it into my skin. This seemed to turn him on a bit, because after a while I noticed his cock hardening again and I took it in my mouth and tongued it hard. I felt so grateful to him for indulging my wish so well, and was fully prepared to keep my side of the bargain. It seemed a good moment to lose my virginity.

Anyway, we were just getting around to it when the door burst open and there stood my parents. Poor Rick! It was rather funny looking back on it. After all,

I lay back on the bed with my legs wide apart and inched down my knickers until my dark curly pubes were just visible. I lay there waiting for him, feeling deliciously naughty.

I was twenty years old and he was twenty-one.

EDITOR: *What happened then?*

YVONNE: Well, a promise is a promise. We threw on our clothes, rushed out of the house and straight over to Rick's flat. My boobs felt as if they were on fire and my clitty was tingling with excitement, soaking my knickers. We just went straight in there and he practically tore my clothes off. It hurt a bit at first but from then on I knew that he'd do whatever I wanted if I let him have me.

I didn't have an orgasm that time, or anything. But I found that if he jerked his cock between my breasts and licked and sucked my nipples until they were bursting from my desire-swollen tits before plunging into me I would climax when he did. It lasted about three months and we're still good friends, but we weren't ready to settle down. And he started just ramming into me and forgetting everything else, which spoiled my pleasure.

EDITOR: *Did you go back to your parents?*

YVONNE: No. I went to live in a flat with some other girls. One of them was a boyish looking lesbian named Lisa, who was knocked out by my knockers. I suppose by then I did have enough for the two of us. It seemed inevitable that we'd come together sooner or later.

EDITOR: *You had a lesbian affair?*

YVONNE: No, not really—I'm too much of a woman to become a lesbian. I suppose she knew how to seduce me. We became more and more friendly, she'd do things like brush my hair, and one night she offered to give me a massage. I always sleep naked and so does she. When I felt her expert fingers caressing my breasts I couldn't suppress my moans of pleasure.

With her slim figure and short hair she seemed like a young boy, so I didn't really mind her touching me like that. And the sensations she coaxed out of my nipples were unbelievable. After she twisted them between her fingers she just lay out on top of me, buried her face in my cleavage and began to lick me.

I felt so randy it was unbelievable! She took my nipples in her mouth in turn, held them lightly between her teeth and flicked rapidly with her tongue until I was panting with ecstasy. She just went from one to the other, then back again until my bosoms were bursting, smouldering with sensation, jutting out like twin volcanos.

She went on and her for hours. Sometimes she'd lie there until dawn, just doing that and fingering her own clitty. I just came and came over and over again. She was fabulout, I still go around and see her sometimes, even now!

EDITOR: *Do you prefer women to men?*

YVONNE: No, not usually. But most men in my experience just don't know how to handle a pair of boobs properly, and mine need more attention than most. They're either too rough or too gentle. As sensation builds up more passion is wanted. The breasts should be handled and treated in much the same way as the genitals—touched, caressed, kissed, teased—even hurt, at the right moment. Once my breasts are aroused I like to be bitten, scratched, my nipples pulled, and sucked—hard!

EDITOR: *Well, you're definitely qualified to be an expert. Just one last thing. I would like an accurate measurement.*

YVONNE: Then I'd better take off my sweater and bra.

EDITOR: *Yvonne, you wouldn't be trying to tease me, would you?*

YVONNE: Would I do a thing like that? There! Wrap it round.

EDITOR: *This job certainly has its perks. You've grown! That's exactly forty-five beautiful inches. Fantastic!* □

Sweet Sissy

WorldMags.net

Sissy comes from the oldest genetic mix of large breasted women in England: Other British chubbies are white girls from the country with baby fat all over, but Sissy's hefty mamms come from the intermarriage of Indians and Africans in the slums of London. "Family was important, family was everything," she says, with a charming reggae lilt, "but we had our own rules, our own ways, especially when it came to sex.

"My parents were choosing the boy to sleep with me even before I developed these...what do you call them in America—tit-ties? I was 13, 14 years old with breasts *this* big, so my people had no difficulty marrying me off to a rich man, in shipping, or something—he was so *old*! He *never* let me out of bed—except to fondle me in public!

At 15 Sissy ran away, hitting the streets with just the clothes on her back. The riffraff on the street "all wanted one thing," she laughs now, "but I was such a *nice* kid, they all ended up helping me." Today Sissy works as a tickettaker at a movie house, to help support the man she lives with, an Irish musician. "I prefer white boys," she admits. "Lily white hands squeezing and cupping my brown titties, sinking in and out of my pink flower, it's visually exciting, this racial mix—what you in America call, what? Oreo?"

So, what's such a sweety as herself doing in bondage outfits? "Is *that* what they are?" Sissy says, trying to sound shocked—she's getting a lot of mileage out of being foreign. "I just put on what they tell me, they said it was for 'American tit men' and these clothes would make my breasts appear even larger by framing them nicely. I walked in there with my hair done up all pretty in ribbons (before they squeezed me into these confusing garments) and that should tell you what kind of girl I really am." □

GAME brings you intimate interviews with lovers who describe their greatest sexual encounters in minute detail. GAME brings you informative articles that are the culmination of years of research. Best of all, GAME brings you the alternative to the run-of-the-mill magazines that litter the newsstands.

And ladies enjoy GAME, too. You don't have to hide GAME under the mattress, you can share it with her. Of course, you can still enjoy GAME on your own because it's written to be easier to read with one hand.

☐ *1 year (6 issues). . . $18.00* ☐ *2 years (12 issues). . . $36.00*

Rates apply to U.S., U.S. Possessions, Canada and APO-FPO addresses only. All other countries add six ($6) dollars per year to prices.

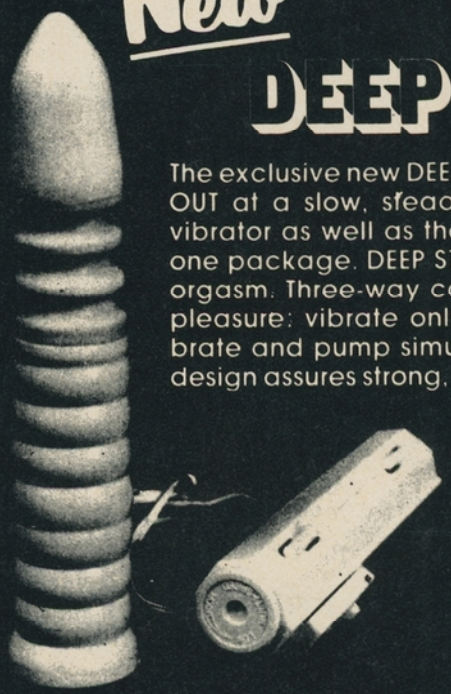
DEEP STROKER!



The exclusive new DEEP STROKER actually PUMPS IN AND OUT at a slow, steady rhythm. It is the best flexible vibrator as well as the most sought-after stroker all in one package. DEEP STROKER guarantees orgasm after orgasm. Three-way controls allow you to choose your pleasure: vibrate only, in-and-out stroking only or vibrate and pump simultaneously. Powerful 110 Volt AC design assures strong, deep, penetrating strokes as well as prolonged operation for those day-long and night-long lovemaking sessions.

The smooth-as-silk DEEP STROKER head extends and contracts rhythmically, without a rough edge or seam to interrupt the steadily building waves or orgasmic pleasure.

ENLARGE YOUR PENIS TO IT'S MAXIMUM! HAVE ERECT MEASUREMENTS OF 9, 10 EVEN 12 FULL INCHES!

The MACRO-TEN is the **ONLY** PENIS DEVELOPER you will ever need!

Is the size of your penis bringing you down? Sure, the medical authorities say the size doesn't count; but as long as women have a need to be filled, they will demand the full measure of devotion. And no amount of psychological reassurance will fill the gap between expectation and reality.

Now, with a simple device you can follow in the footsteps of thousands of men who have proven that there is a way to INCREASE PENIS SIZE and THICKNESS! The device is called the MACRO-TEN ELECTRIC VACUUM ENLARGER. A safe and proven natural way to add inches to penis length and thickness. With the MACRO-TEN, you will see yourself grow to dimensions you never thought possible.

HOW CAN THE MACRO-TEN ELECTRIC VACUUM ENLARGER INCREASE PENIS LENGTH & THICKNESS?

Your erection is caused by blood flowing into hollow caverns inside your penis. The caverns fill with blood and your penis grows in size and thickness and becomes stiffer and stiffer until the caverns are filled with all the blood they can hold. BUT, IF YOU INCREASE THE CAPACITY OF THE CAVERNS BY MAKING THEM BIGGER, THEY HOLD MORE BLOOD and you have a correspondingly longer, thicker penis. Regular use of the **MACRO-TEN** gently urges the caverns to expand . . . expand . . . expand. You'll see the astonishing results the first time you use your **MACRO-TEN.** Your penis will grow inside the clear, picture window sleeve. Immediately you'll see just how really BIG . . . how really FAT . . . how LONG . . . how HARD and STIFF your own penis can get! And after regular sessions with the **MACRO-TEN** you'll probably find as do most men that these size gains don't go away! They become a part of you to thrill and excite her!

THE MACRO-TEN IS SIMPLY THE MOST POWERFUL ENLARGEMENT SYSTEM YOU CAN PURCHASE ANYWHERE! AT ANY PRICE!

This powerful, totally electric unit (U.L. approved) is equipped to plug into any wall outlet to give you continuous, even sucking power until you shut it off! Unlike noisy electric vacuum enlargers costing upwards of $100 — the **MACRO-TEN** is "quite as a whisper." This sophisticated instrument is by far the state of the art in penis enhancing machinery. It has taken time, money and first-class engineering to produce what many have called the "Rolls Royce" of vacuum enlargers. The **MACRO-TEN** is a finely crafted precision instrument designed to create the vacuum needed to make the male organ LONG and THICKER. If you are truly serious about penis enlargemnt — the **MACRO-TEN** will do the job for you!

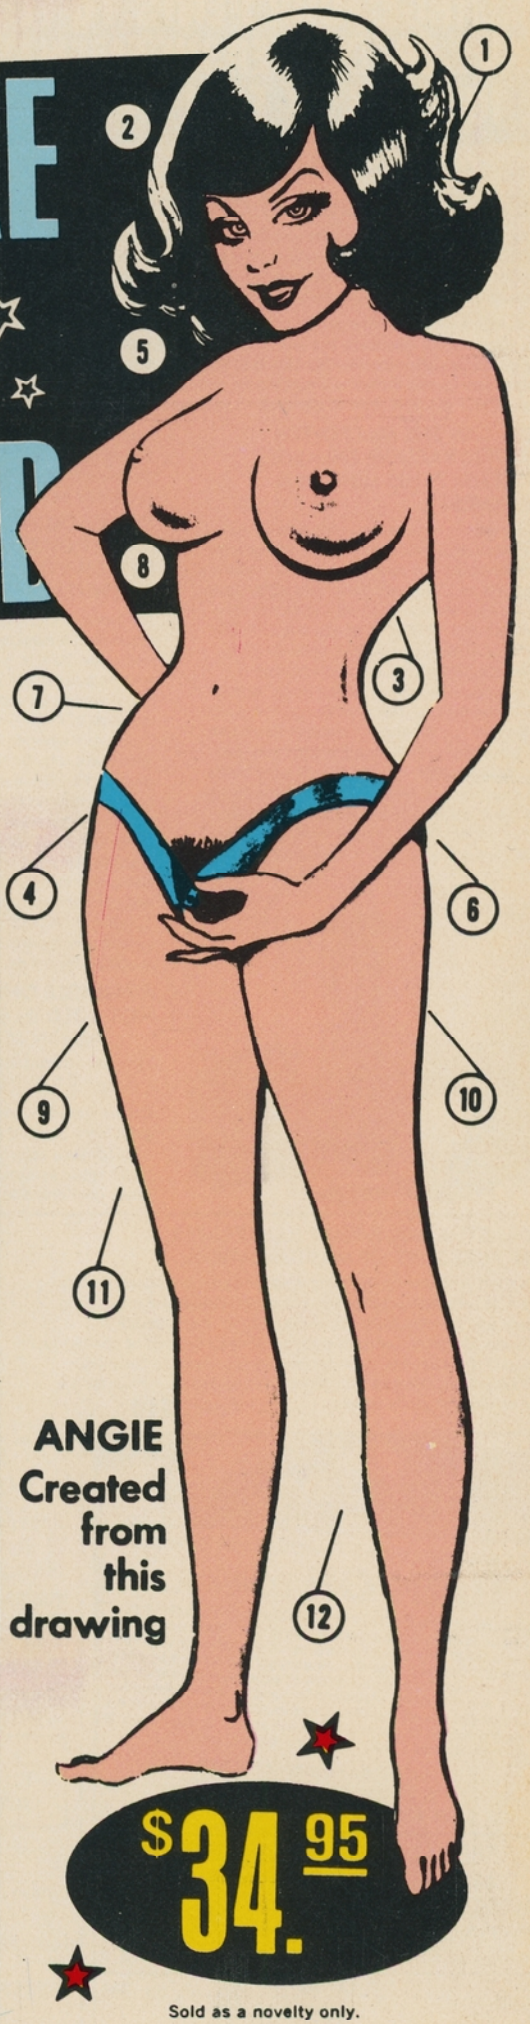
THE MOST LIFE-LIKE LIFE SIZE FEMALE DOLL EVER CREATED

"ANGIE"



ANGIE Created from this drawing

$34.95

Sold as a novelty only.

Angie the Doll, 10 years ahead of her time!

Introducing the next best thing to a woman — Angie, absolutely the most "humanlike" life-like doll ever created. Disregard all other ads you've ever read about any other doll because Angie has them all beat by far! Angie is at least ten years ahead of her time. Besides having an ironclad money-back guarantee, Angie comes complete with the following extremely realistic features: **"New Design" Makes All Other Dolls Obsolete**

NATURAL, beautiful hair implanted on Angie's head. The most realistic, soft, cuddly hair (run your fingers through it) ever to be put on any doll (guaranteed natural) (1). Beautifully shaped head and body: 34-22-36. (2) **Open Mouth** — DEEP THROAT ACTION

Very pretty face and head with soft kissable lips that part, including a throat that's 7" deep, to allow Angie to give a man better deep throat than most women! (3) Soft, fleshy, vinyl skin that warms to the human touch, and is more lifelike than ever (4). The most lifelike, soft genital area ever to be created on a female doll including a penetrable 7" deep vagina,

Human-Like Features DRESS HER UP

The "clearcut" feature that you definitely can make love to Angie, because of the above features, and that nothing is left to the imagination. (Other doll ads in the past have often times offered a doll that either doesn't exist or just isn't what the ad says.) (6) You can dress Angie up anyway you like. She is 5'4" tall and wears a similar size to that of a real woman of similar height. You can make Angie trim or plump depending on how much air she is inflated with (7). BUILT IN FEMALE ORGAN DETAILED BREASTS

The most durable vinyl skin ever created for a lifesize doll, with no exceptions (8). The most realistic soft, spongy breasts complete with nipples you can nibble on, ever to be put on a lifesize doll. Angie's breasts (size 34C) cannot be described, for you must see them to appreciate their beauty (9). **Remote Control — Electronic**

Vibrating Option — You may purchase a deluxe vibrating attachment for Angie so any part of her body or mouth can vibrate at will (remote controlled) (10).

Bikini Option — You may purchase a deluxe bikini ensemble for Angie (11).

Sensibly price compared to the "unlifelike" dolls you'll pay top dollar for (12).

Two weeks delivery with cashier's check, money order, (Personal checks must await bank clearance.)

Add $3.00 for Super Rush or Airmail. **FIRST TIME AVAILABLE** **First Time Ever Offered**

Why wait? You won't find a lifesize doll anywhere that's more like a real woman than Angie at a similar price, and we guarantee it. We designed her. We manufactured her. We imported her, and most important, we guarantee her.
